

SENIOR PM

TEAM FRISCHHERTZ

POSITION DESCRIPTION Frischhertz is adding to their Project Management Team. We are looking for a full-time Senior Project Manager to operate within our commercial department. Senior Project Managers have a scope of responsibilities that include managing commercial and industrial electrical projects from post-bid through final completion, developing business with new clients and servicing/maintaining relationships with the existing client base. We are looking for a hands-on, detail-oriented team player who thrives in a fast-paced environment, enjoys solving complex problems, and wants to make a meaningful impact on a growing company with almost 75 years of history in the Gulf South.

KEY RESPONSIBILITIES:

- Develop and manage project plans, schedules, and budgets for electrical projects.
- Coordinate with a team of electricians, engineers, and other professionals to design, install, maintain, and repair electrical systems.
- Ensure compliance with safety regulations and electrical codes.
- Attend project meetings and provide regular updates to stakeholders.
- Generate and manage change order requests.
- Promote safety in all aspects of the project.
- Provide leadership and mentorship to the project team.
- Develop and maintain excellent customer and subcontractor relationships.
- Review and approve invoices, estimates, schedules, and reports.
- Visit job sites regularly to monitor progress and ensure quality standards are met.
- Analyze project risks and develop strategies to address them.

REQUIREMENTS:

- Bachelor's degree in Electrical Engineering, Construction Management, OR equivalent work experience.
- A minimum of 8 years successful electrical PM experience (large job experience and OSHA 30 a +) experience.
- Proven experience in commercial and industrial construction projects.
- Strong written and oral communication skills.
- Excellent organizational skills and ability to prioritize multiple tasks.
- Ability to work with field supervisors, craft/tradesmen, and union representatives.
- Business development skills and ability to maintain professional conduct with clients and team members.
- Proficiency in project management software such as Microsoft Excel, Word, Outlook, Accubid, and Bluebeam

WHY JOIN FRISCHHERTZ ELECTRIC?

- Long-standing, family-owned, highly reputable company
- Collaborative, team-oriented culture
- Ability to make a significant impact on process improvements and financial structure
- Competitive compensation and benefits package
- Opportunities for professional growth and leadership influence

The above description is meant to describe the general nature and level of work to be performed; it is not intended to be an exhaustive list of all responsibilities, duties, and skills required for the position.
